- Cumulation of all other sites

\*\*This chart shows sites with largest loss

## Executive

5 Inverters at Renfrew aren't communicating but are producing according to the sites Paycheck meter. Assuming they are producing this would reduce the overall losses to \$8,000 or 0.98%  
 Holtby, Brampton - Inverter 3,21 were down until August 19th  
 Keeler Inverter #2 Showing AC Overcurrent Down since July 19th  
 Sundance 4 - Inverters 6,7 underperform and 7 more so after June 21,2022
